

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

#### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

#### **About Google Book Search**

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. ## VORREDE.

Das Wort, durch eine Arbeit einem allgemein gefühlten Bedürfnisse entgegengekommen zu sein, ist so oft gebraucht und missbraucht worden, dass man sich ordentlich scheut, es anzuwenden. Und doch kann ich nicht umhin, mich dessen bezüglich meiner Arbeit zu bedienen, indem ich mich der Hoffnung hingebe, damit keine Unwahrheit gesagt zu haben: ist doch dieselbe einzig und allein durch eben dieses allgemein anerkannte Bedürfniss hervorgerufen worden!

Der Werth des etymologischen Wörterbuches von Diez, die Wichtigkeit dessen häufiger Benutzung von Allen, die sich mit der romanischen Philologie beschäftigen, sind zu sehr anerkannt, als dass ich noch ein Wort darüber verlieren sollte, ohne mich einer Beleidigung des grossen Meisters schuldig zu machen. Nicht minder bekannt ist es jedoch, dass bei der, durch die Natur der Sache gebotenen Einrichtung des Werkes, es mitunter, namentlich dem minder Bewanderten, schwer wird, ein jedes Wort ohne grossen Zeitverlust daselbst aufzufinden, da es nicht immer auf der Hand liegt, unter welchem Stichwort, und in welchem der vier Alphabete man dasselbe zu suchen hat.

Diesem Übelstande kann nur ein alphabetisch geordneter Index der im Buche behandelten Wörter abhelfen. Ein solcher findet sich zwar auch im Anhange an die dritte Ausgabe des Diez'schen Werkes, ist jedoch weit entfernt, auf Vollständigkeit Anspruch machen zu können, da er kaum den fünften Theil der Wörter, deren Etymon besprochen wird, enthält, und daher in den meisten Fällen die Schwierigkeit nur vermehren, nicht aber lösen kann. Dass nur durch ein vollständiges Verzeichniss aller im Werke Diez' behandelten Wörter dieser Zweck erreicht werden kann, steht ausser allem Zweifel: der Mangel eines solchen war Ursache, dass man es bisher oft als wahre

Entdeckung betrachtete, wenn man fand, ob das eine oder das andere Wort daselbst Erwähnung gefunden oder nicht. Als Beleg für die Nothwendigkeit eines vollständigen Indexes will ich nur die Äusserung Förster's in der Zeitschrift für rom. Philologie I. 149 anführen, welche er aus Anlass des von ihm im Wörterbuche aufgefundenen, im beigegebenen Index jedoch nicht enthaltenen Wortes, triege' thut: "Möchte doch bald ein vollständiger Index zu Diez' Wörterbuch veröffentlicht werden, wodurch der wunderbare Schatz erst völlig zugänglich würde, da in dem beigedruckten Index etwa ein Drittel der behandelten Wörter fehlt." Aus dem Obigen geht hervor, dass das Zahlenverhältniss der im Diez'schen Index angeführten zu den im Werke selbst behandelten Wörtern ungleich anders sich gestaltet.

Dieser Wunsch war nun zur Zeit, da er geäussert worden, von mir bereits insofern erfüllt, als die ganze Arbeit auf Zetteln wohlgeordnet fertig war und nur noch einer Abschrift und sorgfältigen Kollation mit dem Buche selbst bedurfte, welche im Laufe der darauf folgenden vier Monate durchgeführt wurde. Es handelte sich nur noch darum, einen Verleger zu finden, der den äusserst kostspieligen wie mühseligen Druck zu bewerkstelligen gewillt wäre. Schon von vornherein konnte man annehmen, dass dies nur mit Hülfe einer Unterstützung zu ermöglichen sein werde. Diese wurde dem Unternehmen in grossmüthiger Weise von Seiten der Berliner Gesellschaft für das STUDIUM DER NEUEREN SPRACHEN ZU Theil, deren Vorsitzender Herr L. Herrig das ihm zugesandte Manuskript der Gesellschaft zur Veröffentlichung empfahl, woraufhin diese einen derartigen Beitrag zur Bestreitung der Druckkosten bewilligte, welcher es der Langenscheidt'schen Verlags-Buchhandlung ermöglichte. den Verlag zu übernehmen. Ich bin überzeugt, dass gleich mir Diejenigen, welche sich des Büchleins bedienen werden, aller dieser Herren für die Förderung der guten Sache dankbar gedenken werden.

Was nun die Einrichtung dieses Buches betrifft, so will ich zunächst bemerken, dass im Allgemeinen die in dem, der dritten Auflage des Diez'schen Wörterbuches beigegebenen Index angewandte Methode beibehalten wurde. Es kommt somit zunächst das betreffende Wort, dann die Sprache, dann das Stichwort mit Angabe des Bandes, wobei der erste Band gar nicht, der zweite jedoch durch IIa, IIb, IIc, je nachdem das Wort in der einen oder in der andern der drei Gruppen vorkommt,

bezeichnet erscheint. Hinzugekommen ist die genaue Bezeichnung der Sprachen und Dialekte, und nicht blos die des Sprachstammes, zu welchem das angeführte Wort gehört. verständlich sind jene Wörter, bei denen kein Stichwort angebracht ist, entweder selbst Stichwörter oder mit denselben gleichlautend. Ferner ist hinzugekommen die Angabe der Seitenund Zeilenzahl. Das Erstere werden gewiss Alle billigen, da sich Viele in ihren Zitaten gewöhnt haben, dieselbe anzuführen. Die Zeilenzahlen hingegen dürfte Mancher für überflüssig halten; mit Unrecht, glaube ich, denn gewiss haben auch diese ihre praktische Wichtigkeit. In vielen Fällen, namentlich bei der Lektüre von Texten, ist man nicht immer gewillt, den ganzen Artikel (und diese sind mitunter, namentlich im ersten Theile, recht lang), in welchem das Wort vorkommt, durchzulesen, um es zu finden. Man möchte, ohne viel Zeit zu verlieren, wissen, ob Diez etwas Näheres über die Bedeutung des Wortes sagt, ob er etwa selbst Belegstellen anführt und drgl. In diesen Fällen dürften sich die Angaben der Zeilen als sehr nützlich erweisen.

Noch einem Vorwurf möchte ich zuvorkommen, den man mir machen könnte und vielleicht auch machen wird. Ich habe nämlich nicht nur solche Wörter verzeichnet, deren Etymon besprochen wird, sondern auch solche, welche von Diez entweder der lautlichen Gestaltung oder der begrifflichen Entwickelung wegen behufs Vergleichung herangezogen worden sind. Ich dachte anfangs daran, solche Wörter mit Klammern oder sonst einem Zeichen zu versehen, kam jedoch davon ab, weil einerseits dadurch der ohnehin beschwerliche Druck noch bedeutend erschwert würde, anderseits durch Nachschlagen im Buche selbst Jedermann in der Lage ist, sich über die eigentliche Geltung derartiger Wörter augenblicklich und ohne viele Mühe zu orientiren. Dass die durch das Zeichen der Tilde (~) vertretenen gleich geschriebenen Wörter mitunter solche ganz verschiedenen Ursprungs sind und daher auch oft in der Bedeutung weit von einander abweichen, versteht sich von selbst. In derartigen Fällen bleibt nichts Anderes übrig, als sich darüber im Buche selbst zu belehren, wie überhaupt der Index der Mühe des Nachschlagens keineswegs entheben kann, da erst durch den Kontext die selbstverständlich mangelhaften Angaben des Indexes vervollständigt werden und das betreffende Wort gehörig beleuchtet erscheint

# **VERZEICHNISS**

### in den einzelnen Alphabeten gleichlautenden Stichwörter,

von denen das zweite im Index mit einer oben rechts angebrachten \* bezeichnet wird.

# Wörterbücher:

Encyklopädisches Wörterbuch der französischen u. deutschen Sprache. Eingeleitet von E. Littre, Mitglied der Akademie. - Theil I, franz.-deutsch. Von Prof. Dr. Karl Sachs. 205 Bogen oder 1640 S. gr. Lexikon-Format. Preis (unt. Vorb. d. Erhöhung) 28, dauerhaft und elegant gebunden 32 Mk. - Theil II, deutsch-franz. Unter Mitwirkung von Prof. Dr. César Villatte von Prof. Dr. Karl Sachs. In ca. 25, je 10 Bogen starken Lieferungen à 1 Mk. 20 Pf. Seit April 1874 vierteljährl. eine Lfrg. erscheinend. Nach vollst. Erscheinen Preis höher.

Deutschland besass bisher kein franz.-deutsches Lexikon, das auf Höhe der hedeutenden Fortschritte stände, welche die nationale franz. Lexikographie gegenwärtig gemacht hat. Diese Lücke ergänzt Sachs' Wörterbuch. Es ist ausserdem im Vergleich zu allen ähnlichen Werken durchaus neu und eigenthumlich, namentlich in folgenden Punkten: 1. Die Aussprache ist bei jedem Artikel nach dem phonet. System der Methode Toussaint-Langenscheidt, unter persönlicher Mitwirkung T.'s und L.'s angegeben; ebenso das Nöthige über den schwierigen Punkt der Bindung (Hinüb-rziehung). "Aber eine Angabe der Aussprache ist doch überflüssig" – heisst es in der Regel – "man kennt dieselbe ja schon." Nun, man vergleiche doch nur das Franz, eines Sachsen, Westfalen etc. mit dem eines Süddeutschen etc. und urtheile dann, ob ein sicherer, über jede Nüanze ertheilender Führer für uns nöthig ist oder nicht, - ob wir missen können, was dem Franzosen für seine eigene Muttersprache in fast allen Wörterbüchern gegeben wird. — 2. Wissenschaftl. u. technische Wörter. Handel und Gewerbe durchdringen gegenwärtig die internationalen Beziehungen derart, dass es ohne eine (in dieser Vollständigkeit hier zum ersten Male gebotene) Berücksichtigung auch der Fach-Ausdrücke rein unmöglich wäre, irgend ein industrielles Schriftstück zu übersetzen. — 3. Die Synonymen (sinnverwandten Wörter) sind, unter Berücksichtigung des deutschen Bedürfnisses, in einer bisher in derartigen Werken noch nicht erreichten Vollständigkeit erklärt, desgl. die Etymologie, die Homonymen, die Antonymen etc. — 4. Dialektische und provinzielle Eigenthümlichkeiten, vertrauliche Rede wendung en etc. fanden eine weitaus grössere Berücksichtigung, als dies bisher der Fall war, da das nur gesprochene Wort doch auch erklärt und verstanden sein will. - 5. Vollständigkeit. Sachs' Wtbch. ist das vollständigste aller bis auf den heutigen Tag in Deutschland erschienenen Wtbchr. Nicht nur enthält es an einzelnen Artikeln etwa ein Drittel mehr als die umfangreichsten seiner Vorgänger, sondern es ersetzt, seiner encyklopäd. Natur entsprechend, zugleich mehr oder weniger: a) jedes spezielle Fach-Lexikon; — b) ein Werk über Aussprache; — c) ein Fremdwörterbuch; — d) Werke über Argot, Synonymen, Homonymen, Rechtschreibung, Etymologie etc. — Zur Erzielung möglichster Vollständigkeit auch des, jetzt im Erscheinen begriff, deutsch.-franz. Theiles wurde seit länger als einem Jahrzehnt gesammelt, unter Mitwirkung bewährter Fachmänner\*). Wieviel in dieser Richtung trotz verdienstlicher Vorarbeiten noch zu thun ist, tritt zu Tage, wenn man (beispielsweise unter dem Buchstaben F) ganz gebräuchliche Ausdrücke, wie Fahrgast, Fahrschein, Fahrscheile, Fallgeschwindigkeit, Farbewaarenhandlung, Faschingsscherz, Faustpfand, Feigenkaffee, in Firma, Fleckenreiniger, Flurordnung, Fortbildungsschule, Fragebogen, Fragestellung, Frauenanwalt, Frauenheim, Fussartillerie etc. und tausend andere sucht und in keinem der gegenwärtig existirenden Wörterbücher findet. Was die Neuzeit erzeugt hat, - es ist dies ein ungeheures Material, — wie fixen, Fleisch-Extrakt, Frankirungszwang etc., ist, soweit menschlicher Sorgfalt dies erreichbar war, vollständig aufgenommen. Diese wenigen Andeutungen mögen genügen. Es lässt sich dies von den Meistern der heutigen nationalen Lexikographie, Sanders und Littré, empfohlene internationale Riesenwerk weder durch einen flüchtigen Einblick, noch durch die ausführlichste Beschreibung beurtheilen. Dagegen wird Jeder, der Musse zu genauerer Einsicht in das Werk selbst findet, bald die Vorzüge würdigen, die es gegen das Bisherige bietet; er wird anerkennen, dass Sachs' Wörterbuch unentbehrlich ist Dem, der Franz. versteht, — Dem, der Franz. lernt, — Dem, der lernen will! Ein "Provisorisches Probeheft", das über Form und Inhalt beider Theile ausführlichst unterrichtet, ist in jed. Buchholg. gegen Deponirung von 1 M. 20 Pf. kostenfrei zu erhalten, da es hierfür event. zurückgenommen wird.

Einige Urtheile: Von den hunderten, über Sachs' Wörterbuch ergangenen und ausnahmslos empfehlenden Kritiken können wir mangelnden Raumes wegen nur nachstehende bringen: Herr Prof. T. Merkel in Freiburg i. Br.\*\*): "Sachs' Wörterbuch kann mit Fug und Recht eine epochemachende Erscheinung genannt werden, die alles auf diesem Gebiete Dagewesene weit hinter sich lässt."—Herr Prof. Dr. F. Diez (Prof. f. roman. Spr. a. d. Universität Bonn): "Ich habe kein ähnliches, mit so sorgsamem Fleisse ausgearbeitetes, so vielseitiges, die Wünsche des Lesers so sehr befriedigendes Werk dieser Gattung kennen gelernt!"—Herr Prof. Dr. Tobler (Prof. f. neuere Spr. an der Univ. Berlin): Mögen die Eigenschaften, um deren willen ich unlängst Gelegenheit hatte, Ihr Werk dem Königl. Ministerio des Innern zu empfehlen, Ihnen jene dankbare. Anerkennung etc." (Hrn. Prof. Dr. S.) — Herr Prof. Dr. Büchmann (Verfasser der "Geflügelten Worte"): "Sachs' Wtbch. erhebt die franz.-deutsche Lexikographie auf eine bisher noch nicht erreichte Höhe."—Herr Prof. Dr. Bartsch (Prof. f. neuere Spr. a. d. Univ. Rostock): "An einem solchen Wtbch. des Frz. hat es uns längst gefehlt."—Allgem. Schulzig., 1869, Nr. 31: "Eine Musterleistung schwieriger und korrekter typograph. Ausstattung."—Bohemia, 1869, Nr. 221: "In dem grossen Kapital, welches für das Werk aufgewendet wird (ca. 140,000 Thlr.), liegt auch schon eine Bürgschaft für die Gediegenheit desselben."—Herr Dr. Ad. Strodtmann i. d. Augsb. Allgem. Ztg. v. 3./4. 75\*\*): "Ein neuer Fortschritt auf dem Felde der Lexikographie. Wir sind sicher, dass Keiner, welcher einen flüchtig prüfenden Blick in das unvergleichliche Werk geworfen hat, uns widersprechen wird, wenn wir auf's Bestimmteste erklären: dass das Sachs'sche Wörterbuch unter allen internationalen Wtbchn. weitaus die erste Stelle behauptet."—Herr Prof. Dr. Breitinger, Prof. d. neueren Spr. a. d. Univ. Zürich: "Das Sachs'sche Wtbch. ist neben Litte die grossartigste Leistung auf dem Gebiete der franz. Lexikographie."

<sup>\*\*)</sup> Von dieser Kritik können wir hier nur ein Bruchstück geben. Vollständig enthalten ist dieselbe in der nachbenannten Broschüre, welche auf Verlangen (gratis und franko) zur Verfügung steht: "Vortrag über das franz.-deutsche Wörterbuch von Prof. Dr. K. Sachs, gehalten in der Gesellschaft für neuere Spr. in Freiburg i. Br. von Prof. T. Merkel. Nebst einem Anhange: Dr. A. Strodtmann über Sachs' Witch. in der ""Augsb. Allgem. Zeitung"", und Dr. Paul Lindau über Sachs' Witch. in der ""Gegenwart"". 16 S. Lex. In dieser Broschüre ist nicht nur das Sachs'sche Witch. an und für sich besprochen, sondern es sind auch hochinteressante Gesichtspunkte über Lexikographie im Allgemeinen eröffnet. Die Wichtigkeit der Urtheile selbst wird erhöht durch die Bedeutsamkeit Derer, welche urtheilen. Daher für jeden Fachmann von Interesse.

<sup>\*)</sup> Herr Prof. Dr. Bernhard Schmitz in Greifswald lieferte beispielsweise hierzu seine im Verlaufe von 20 Jahren gesammelten Beiträge.

Hand- und Schul-Wörterbuch der französischen u. deutschen Sprache.

Mit Angabe der Aussprache nach dem phonetischen System der Methode Toussaint-Langenscheidt. Von Prof. Dr. Karl Sachs. Theil I, franz.-deutsch, gr. 8°, 96 Bogen oder 768 Seiten. — Preis: broschirt 6 Mark, geb. 7½ Mark. (Theil II, deutsch-franz. erscheint sofort nach Beendigung desselben Theiles der grossen Ausgabe.)

Die Vorzüge der grossen Ausgabe sind diesem Auszuge nach Möglichkeit erhalten worden, der auf den Ruf grösster Korrektheit um so mehr Anspruch machen darf, als er aus dem schon sorgfältigst korrigirten Satz der grossen Ausgabe dadurch hergestellt worden ist, dass das für den vorliegenden Zweck entbehrlich Erscheinende entfernt, der Rest aber wiederum auf's Genaueste mehrfach geprüft worden ist. Ganz nach dem Plane des grossen Wörterbuches bearbeitet, berücksichtigt dies Handwörterbuch zwar zunächst die Bedürfnisse der Schule, nimmt indessen auch auf das praktische Leben ausreichend Bedacht, da das dem Schüler liebgewordene Schulwörterbuch von ihm in der Regel auch später ausschliesslich benutzt wird.

Anerkenntnisse: Herr etc. Schneller, k. k. Landesschul-Inspektor zu Innsbruck: "Ein wahrhaft ausgezeichnetes Werk." — Der Königl. Regierungs- und Schul-Rath Herr Dr. Köhler in Sigmaringen: . . . "Sie haben mit ungewöhnlichem Fleisse, mit Verständinss und Geschick gearbeitet und ein hinsichtlich der Gründlichkeit, Vollständigkeit und Allseitigkeit durchaus zweckmässiges und brauchbares Werk geliefert, so dass ich nicht umhin kann, Ihnen zu gratuliren und Sie meiner vollen Hochachtung zu versichern." (Herrn Professor Dr. Sachs.) — Herr Direktor Dr. Steinbart in Rawitsch: . . . "Dieses Buch hat eine ausserordentliche Zukunft, so trefflich ist es eingerichtet. Es reicht für den gewöhnl. Gebrauch selbst anspruchsvoller Leute aus." — Der Königl. Schulrath Herr Dr. Breiter zu Hannover: ..., Die allseitigen Vorzüge dieses Werkes, unter denen ich nur die dem Bedürfnisse der Schulen so förderliche Angabe der Etyma hervorhebe, können mich nur bestimmen, diesem Werke in meinem Kreise die allerweiteste Verbreitung zu wünschen." — Blätter f. d. bayr. Gymnasialwesen: "Für Gymnasien und Realschulen zweckentsprechend und ausreichend." — Zeitschrift für das Gymnasialwesen, Berlin XXVI, 7: "Weit über das Niveau der gewöhnlichen Schullexika stehend." — Herr Oberlehrer Dr. L. Rovenhagen in der Rhein.-Westf. Schulzeitung, 1878, No. 21: "Dieses Wörterbuch von Sachs entspricht in der That allen Anforderungen, die man an ein Wörterbuch zu stellen berechtigt ist, ja es geht darüber hinaus. ... Die Angabe der Aussprache jedes einzelnen Wortes durch die figurirte, in den Langenscheidt'schen Sprachwerken übliche Bezeichnung ist Manchem als zu weit gehend erschienen: der sich selbst überlassene Studirende wird aber dafür dankbar sein; die Bezeichnung bringt dem wahren Laute so nah als es immer möglich ist. Die grammatischen Bemerkungen sind vortrefflich, man vergleiche nur den Artikel que; die Angabe der Etymologie, die Berücksichtigung der Synonymen und Homonymen findet sich in keinem andern Wörterbuche auch nur in annähernder Reichhaltigkeit. Dazu kommt, dass das Wörterbuch von Sachs auch alle in der französischen Literatur und Geschichte vorkommenden Eigennamen und technischen Wörter mit erklärenden und historischen Angaben aufgenommen hat, die ihm mit Recht den Titel *Encyklopädisches Wörterbuch* gegeben haben; wer da weiss, wie oft der Lehrer rathlos bei einem Worte gestanden, sei es um die richtige Schreibung desselben zu finden, sei es um sich oder wissbegierigen Schülern die berechtigten Aufschlüsse über den Zusammenhang zu geben, wird ermessen können, welchen Werth dieser zuverlässige Auskunftgeber hat. Hoffentlich wird der II. (deutsch-französische) Theil bald die langen Erwartungen erfüllen. Da uns in Sachs ein so vortreffliches Hülfsmittel geboten ist, wird wohl nicht leicht Jemand ferner zu den Wörterbüchern von ... greifen."

#### Kurzgefasstes Wörterbuch der Hauptschwierigkeiten der deutschen

Sprache. Von Prof. Dr. Daniel Sanders, Verfasser des grossen deutschen Wörterbuches. Zehnte Auflage. 2 Mark., geb. 2,50 Mark. 8°, 196 Seiten.

Der hochverdiente Herr Verfasser bietet mit diesem, in vier Jahren zehnmal neu aufgelegten Werke dem deutschen Volke ein billiges und darum Jedermann zugängliches Buch, das — in wissenschaftlichem Geiste und doch in allgemein verständlicher Form — die vielfachen, im mündlichen wie schriftlichen Verkehr sich darbietenden sprachlichen (von der Grammatik nicht behandelten) Schwierigkeiten Dem hinwegräumt, der sich nur die leichte Mühe geben will, im Falle der Verlegenheit nachzuschlagen. Welcher gebildete Deutsche könnte wohl sagen, dass er eines solchen Buches nicht bedürfe? — und wer anders möchte zur Lösung der gestellten Aufgabe mehr berufen gewesen sein, als der gefeierte Verfasser des bedeutendsten vollständigen Wörterbuches, das wir besitzen?

Urtheile: Alle hervorrag. Organe der Presse haben dieses Werk in ausführlicher und eindringlicher Weise empfohlen. Hier nur ein Urtheil: Neue freie Presse, Wien, 3653 v. 1874: "Es ist seit Langem bekannt, dass Keiner mehr geeignet ist, über lexikalische und grammat. Fragen des Neuhochdeutschen erschöpfende Auskunft zu geben, als eben Prof. Dr. Sanders, und wir wagen die Behauptung, dass Jeder, fühle er sich auch noch so sicher im Gebrauch seiner Muttersprache, aus diesem Büchlein in Fragen der Grammatik reiche Belehrung schöpfen wird, da man dasjenige, was darin geboten ist, eben grösstentheils in den Grammatiken nicht findet. Geradezu überraschend ist die Genauigkeit und Schärfe, die uns in den Erörterungen entgegentritt. Musterhaft ist auch die mathematische Präzision, mit der die gegebenen Regeln abgefasst sind, ein Vorzug, dessen leider nicht alle Grammatiken sich rühmen können etc."

#### ndex zu Diez' Etymologischem Wörterbuch Sprachen. Von Dr.

Johann Urban Jarník, korrespond. Mitglied der Berliner Gesellschaft für das Studium der neueren Sprachen. 8°, 260 Seiten. Preis 3 Mark.

Das Bedürfniss zu dieser Erscheinung ist allgemein anerkannt; die Nothwendigkeit eines vollständigen Indexes ist von allen Seiten ausgesprochen. Als Belag hierfür nur die nachfolgende Aeusserung in der Zeitschrift für roman. Philologie, I, 149: "Möchte doch recht bald ein vollständiger Index zu Diez' Wörterbuch veröffentlicht werden, wodurch der wunderbare Schatz erst völlig zugänglich würde."

Wörterbuch der Zeitwörter mit starker oder mit unregelmässiger Absprache. Von Prof. Dr. Daniel Sanders. gr. 8°, 12 S. Preis 50 Pf.

#### In Vorbereitung

befinden sich folgende lexikalische Werke:

Encyklopädisches Wörterbuch der englischen und deutschen Sprache.

Mit besonderer Berücksichtigung der Etymologie und Aussprache und durchgängiger Bezeichnung letzterer nach dem phonetischen System der Methode Toussaint-Langenscheidt. Von Dr. Ed. Muret, Oberlehrer. (Wird nach denselben Grundsätzen, welche für Sachs' Wörterbuch massgebend sind, seit dem Jahre 1867 bearbeitet; Zeitpunkt des Erscheinens noch unbestimmt.)

### Englisch-deutsches Supplement-Lexikon. Als Ergänzung zu allen bis jetzt erschienenen

englisch-deutschen Wörterbüchern, insbesondere zu Lucas. Mit Angabe der Aussprache nach dem phonetischen System der Methode Toussant-Langenscheidt. Durchweg nach englischen Quellen bearbeitet von Prof. Dr. A. Hoppe, Dozent an der Berliner Akademie für moderne Philologie, Sekretär der Berliner Gesellschaft für das Studium der neueren Sprachen und Literaturen, Oberlehrer und Lehrer der englischen Sprache am Gymnasium zum Grauen Kloster in Berlin. Zweite Auflage.

Gegenwärtig (1878) ist die erste Auflage dieses Werkes vergriffen. Die zweite Aufl. kann, bei dem Umfange der Arbeit, erstin einigen Jahren erscheinen. Die erste Auflage enthielt (in ca. 7000 mehr oder weniger ausführlichen und durchweg mit Citaten belegten Artikeln) Beiträge zur Vervollständigung der englisch-deutschen Wörterbücher und zum besseren Verständniss englischer Schriftsteller überhaupt; die neue Auflage wird durch ein reichhaltiges, von dem Herrn Verfasser inzwischen gesammeltes, bezw. demselben von namhaften Seiten zur Verfügung gestelltes hoch wichtiges Material vervollständigt.

# **Unterrichtsbriefe:**

METHODE TOUSSAINT-LANGENSCHEIDT.

Brieflicher Sprach- und Sprech-Unterricht für das Selbststudium Erwachsener. 28. Aufl.

ENGLISCH von den Professoren Dr. C. van Dalen, (am k. Kadettenkorps, Mitglied der k. Akademie gemeinnütziger Wissenschaften), H. Lloyd, (Mitglied der Universität Cambridge) und G. Langenscheidt (Mitglied der Gesellschaft für neuere Sprachen und Literaturen) in Berlin. gr. 8°, 849 Seiten.

FRANZÖSISCH von Charles Toussaint, (Prof. de langue et de la littérature françaises) und Professor 6. Langenscheidt in Berlin. gr. 8°, 765 Seiten.

Die wichtigste Errungenschaft dieser seit 1856 in achtundzwanzig Auflagen erschienenen Unt. Briefe liegt in der Thatsache, dass diese Methode Jedem, der lernen will, die Möglichkeit bietet, sein eigener Lehrer zu sein. Hierdurch ist den Uebelständen, welche bisher Vielen die Erlernung dieser Sprachen unmöglich machten (Mangel an guten Lehrern, Kostspieligkeit des Privat-Unterrichts, die Fessel bestimmter Lehrstunden etc.) — abgehölfen; die erzielten Erfolge, das einstimmige Urtheil von Autoritäten, die 12fache Nachahmung der Methode in Deutschland und ihre Adoption von fast allen Kulturvölkern des Auslandes dürften dafür sprechen. Jede Sprache ist von einem Engländer, resp. Franzosen von Geburt und zwei, resp. einem Deutschen von vornheren gemeinschaftlich bearbeitet. Die Resultate dieser in gleicher Weise hier zum ersten Male durchgeführten Arbeit waren vorzugsweise: 1) Nur gutes, echt nationales Englisch, bzw. Französisch; 2) Vermeidung derjenigen Einseitigkeiten, welche in der Regel solchen Sprachlehren anhaften, die nur von Kinem bearbeitet warden.

Allgemeine Schulztg. 1864, No. 31: "Wie nur immer ein tüchtiger, gewandter Lehrer den Unterricht seinen Schülern mit der "viva vox", "der lebendigen Stimme", ertheilt, so verhandeln die Verfasser auf's Gründlichste mit ihren Schülern und überbieten dabei noch den allerbesten Lehrer dadurch, dass sie, was in der lebendigen Persönlichkeit eine Unmöglichkeit ist, zwei Sprachmeister zu gleicher Zeit sind, indem beide Nationalitäten zu einer Persönlichkeit zusammenschmelzen, wodurch eine doppelte Lehrkraft zu einer mächtigen Potenz wie zusammengewachsen ist, die so das sonst rein Unmögliche leistet."

Haupt-Eigenthümlichkeiten dieses Unterrichts. 1) Es wird dem Schüler keine jener grossen Grammatiken in die Hand gegeben, deren Anblick ällein Manchen entmuthigt und deren Vortrag in der Regel sehr trocken ist, — sondern der Lehrstoff wird ihm in kleinen Quantitäten, dabei aber stets in grosser Mannichfaltigkeit geboten. 2) Ein klassischer Roman dient dem Unterricht zur Grundlage und macht das ganze Studium spannend und unterhaltend. 3) Der Schwerpunkt der Unt.-Briefe liegt in der Angabe der Aussprache\*). Letztere ist überall so angedeutet, dass Jeder, der deutsche Druckschrift richtig liest, auch die fremde Sprache richtig sprechen muss. 4) Vortrag einfach und allgemein verständlich. 5) Von dem 1. Briefe an spricht, schreibt und liest der Lernende. 6) Jeder Brief enthält die Lösungen der Aufgaben des vorherigen. 7) Vervollkommnung auch im Deutschen. 8) Am Schlusse des Unterrichts fertigt der Schüler eine Übersetzung aus dem Deutschen in's Englische bzw. Französische an, welche den Herausgebern zur Beurtheilung einzusenden ist. 9) Die Benutzung anderer Lehrbücher, mit Ausnahme eines Wörterbuches, ist unnöthig. 10) Vorkenntnisse oder besondere Fähigkeiten werden nicht vorausgesetzt. 11) Sowohl der englische als der französische Unterricht sind jeder für sich selbstständig bearbeitet, so dass die Wahl frei bleibt, mit diesem oder jenem zu beginnen. 12) Auch Geübteren bringt die Methode die erwünschte Vervollkommnung. 13) Durch ein ganz ausführliches Sach- und Wortregister, das für Französisch ca. 3000, für Englisch ca. 12,000 Hinweise enthält, bleiben die Briefe ein zuverlässiger, prompter Rathgeber für das ganze Leben. 14) Der Beitritt kann zu jedem Kurse jederzeit erfolgen.

Urtheile über die Aussprache-Augabe: Österr. päd. Wochenschrift: "In (Darstellung) der Ausspr. haben die Verf. bis jetzt Unübertroffenes geleistet." — Allg. Schulztg.: "Wem es darum zu thun ist, sich eine durchaus richtige (geläufige und selbst elegante) Ausspr. anzueignen, — der bediene sich dieser Briefe." — Prof. Dr. G. L. Staedler: "Die Aussprache ist mit Umsicht und Geschicklichkeit dargestellt etc." — Berliner Blätter für Schule etc.: "Die Aussprache ist mit grösster Schärfe und Richtigkeit behandelt und übertrifft die englische von Walker." — Dr. Uhlemann, Privat-Dozent an der Univers. Göttingen: "Die schwierige Aufgabe, die Aussprache durch das Auge zu lehren, ist von den Verfassern auf eine überraschende, noch nie in solcher Vollkommenheit dagewesene Weise gelöst worden." — Literarische Rundschau: "Eine der geistreichsten Erfindungen der Neuzeit, ein ebenso wichtiger Triumph des menschlichen Scharfsinns, wie Dampfmaschine und Telegraphie." — Aus dem Werke: "Zur Alphabetologie" von Dr. W. Bethe, Stade, 1876, Seite 70: "Wie möchte es vorher Jemand gewagt haben, eine annähernde Genauigkeit der Aussprache-Angabe durchzuführen, wie diejenige, welche durch T. und L. eine glorreiche Verwirklichung findet?"

Erfolge der Unterr.-Br. nach d. Meth. Toussaint-L.: Die Verfasser können mit Genugthuung konstatiren, dass der von ihnen vertretenen Sache die denkbar grössten Anerkennungen geworden sind: von Seiten des Staates sowohl als von höchster Stelle wurden den Genannten "für besondere Verdienste" mehrfache Auszeichnungen verliehen; — von der Jury der Ausstellung deutscher Unterrichtsmittel wurde die Methode ausgezeichnet: in Wien, 1873, durch die "Verdienst-Medaille", — in Altona, 1869 durch eine "ehrenvolle Anerkennung"; — von Seiten der fachwissenschaftlichen Kritik und des studirenden Publikums endlich hat die Methode T.-L. und namentlich das Aussprache-Bezeichnungs-System derselben eine Anerkennung erfahren, die wir wohl ohne Überhebung als noch nie vorgekommen bezeichnen dürfen. Einen genaueren, nicht uninteressanten Nachweis hierüber enthält folgende Broschüre, die gratis und franko versandt wird: "Verzeichniss von ca. 5000 Orten der Erde, in denen Personen wohnen, welche über die (theils an sich selbst, theils bei ihren Angehörigen etc. beobachteten) Erfolge der Meth. T.-L. Auskunft geben können." Dieses Verzeichniss bringt gleichzeitig: die Angabe von ca. 600 Organen der fachwissenschaftl und polit. Presse, sowie die Namen von ca. 550 Schulmännern und Männern der Wissenschaft überhaupt, welche diese Unt.-

<sup>\*)</sup> Man vergleiche beziehentlich der Aussprache noch die Kritiken zu der, Seite IX angeführten Schul-Grammatik von Toussaint und Langenscheidt.

Briefe empfehlen. — In der Exp. zu Berlin liegen überdies Tausende von Anerkenntnissen solcher ehemal. Schüler vor, die jetzt, zum Theil in weiter Ferne, in angenehmen Stellungen leben, welche sie nur den durch diese Methode erworbenen Sprachkenntnissen verdanken.

Von den oben erwähnten wissenschaftlichen Anerkenntnissen hier nur einige: Allg. Deutsche Lehrerztg.: "Diese Unterrichtsbriefe verdienen die Empfehlung vollständig, welche ihnen vom Seminar-Direktor Dr. Diesterweg, Direktor W. Freund, Prof. Dr. Herrig, Prof. Dr. Scheler, Prof. Dr. Schmitz, Prof. Staedler, Dir. Dr. Vieнoff und anderen Autoritäten geworden ist." — Herr Oberstudien-Direktor, Geheimrath v. Willich, Darmstadt: ..., Sie haben Sich, hochg. Herr, unstreitig ein bleibendes Verdienst um strebsame und ausdauernde Autodidakten erworben, indem Sie denselben ermöglichen, ohne das lebendige Wort des Lehrers fremde Sprachen zu erlernen. Das haben Sie durch die scharfsinnige Bezeichnung der Aussprache erreicht. Ihre Sprachwerke werden einen bleibenden Werth behalten." (Hrn. Prof. Langenscheidt.) — Herr Prof. Dr. G. Büchmann: "Ich bezeuge gern, dass ich kein besseres Werk zum Selbststudium des bengl. kenne."— Herr Seminar-Direktor Dr. Schlecht zu Eichstaedt: ..., "Ich bewundere die ausgezeichnete Methode Ihres Unterrichts."— Herr Prof. Dr. Koch, a. d. Univers. zu Berlin: ..., "Etwas Praktischeres und Besseres giebt es gewiss nicht."— Herr Dr. Aug. Scheler, (Prof. a. d. Univers. Lüttich, Biblio-Bellein). Noch auf merkennen Parties Lättich, Biblio-Bellein der Bellein). thekar des Königs der Belgier): ...,,Nach aufmerksamer Prüfung dieser Methode thekar des Königs der Belgier): ..., Nach aufmerksamer Prüfung dieser Methode kann ich mich nur den Anerkennungen anschliessen, welche sie seitens der kompetentesten Fachleute erfahren hat." — Herr Schulrath Prof. Dr. Hermann zu Wien: ..., Der Lehrer wird bei diesem Unterrichte ganz überflüssig." — Herr Lehrer A. Cordes zu Harburg: ..., Ich habe das Stud. Ihrer Briefe vollendet und nach vorh. Prüf. das Zeugniss sowohl a) der schriftl. Mächtigkeit, als b) voller Geläufigkeit im mündl. Gebrauche beider Sprachen erlangt: a) von dem Gymnasialdirektor Herrn Dr. Classen in Hamburg, b) von dem Herrn Direktor Dr. Kohlrausch in Lüneburg." — Herr Harderer, gepr. Lehrer der franz. und engl. Sprache zu Klagenfurt: "Lediglich Schüler Ihrer Briefe, erhielt ich das Lehrbefähigungszeugniss No. 1 und wurde während der Prüfung namentlich meine Aussprache anerkannt." — Herr Kuhnel, Lehrer der höh. Bürgersch. zu Gumbinnen: "Durch das Studium Ihrer Briefe habe ich es erreicht, dass die Königl. wissenschaftl. Prüfungskommission zu B. mich auch für befähigt erklärte, Königl. wissenschaftl. Prüfungskommission zu B. mich auch für befähigt erklärte, im Engl. in mittleren Klassen höherer Lehranstalten zu unterrichten." - Herr Lehrer Otto Ramdohr, a. d. Grammar-School zu Monmouth, England: "Die Engländer können sich nicht genug wundern über meine — wie man sagt gute -Aussprache. Und wenn ich ihnen sage, dass ich das Englische ohne Lehrer studirte, sehen sie mich stets mit ungläubigen Augen an." — Herr Pfarrer Gratzmeier zu Ingolstadt: "Während der Belagerung von Paris lernte ich einen bayrischen Unteroffiz. kennen, der es durch das Stud. Ihrer franz. Unterrichts-Br. ohne jegliche fremde Anleitung so weit gebracht hatte, dass er als Dolmetscher verwandt werden konnte." — Herr Dr. etc. H. von Skerst, Kais. Hofgerichts- u. Raths-Advokat zu Riga: "Dank Ihren ausgezeichneten engl. Unt.-Br. habe ich mir die engl. Sprache so zu eigen gemacht, dass ich jeden engl. Autor, selbst den von Amerikanismen wimmelnden Bret Harte ohne Schwierigkeit lese. Im Gespräche. mit National-Engländern bin ich häufig gefragt worden, wie lange und wo ich mich in England aufgehalten habe, um mir eine so gute und fehlerfreie Aussprache anzueignen. Wenn ich dann der Wahrheit gemäss erklärte, dass ich auch die Aussprache einzig und allein Ihren Briefen verdanke, wollte mir Niemand glauben." — Herr Const. Lüling zu Constantinopel: "Über meine nur durch Ihre engl. Briefe erlernte Aussprache äusserten sich mehrere englische Damen (Freundinnen meiner Schwester, der verw. Generalin LEHMANN-PASCHA) äusserst`schmeichelhaft."

Nachbildungen. Wenngleich die in Deutschland erschienenen Nachahmungen, der Nachdruck in Amerika und die Adoption der Methode von fast allen Kulturvölkern des Auslandes — die Arbeit Anderer ausnutzen, so müssen die Begründer dieser Lehrweise doch eine Genugthuung finden in der Thatsache, dass gegen die früher so zahlreich vom Auslande her entnommenen Methoden, sich endlich ein Erzeugniss Deutschlands gefunden hat, das im Auslande Wür-

digung findet\*). Übrigens hat der Umstand, dass keine einzige der in Deutschland erschienenen Nachahmungen irgend welchen Erfolg hatte, nur dazu gedient,

land erschienenen Nachahmungen irgend weichen Erfolg hatte, nur dazu gedient, das Verdienst der Meth. T.-L. in das gehörige Licht zu stellen.

Von fremder Hand wurde, wie der grosse Prospekt näher nachweist, die Methode Toussaint-Langenscheidt bearbeitet für folgende Sprachen: Deutsch für Ungarn, Holländer, Polen. Französisch für Holländer, Russen, Ungarn etc. Englisch für Holländer etc. Schwedisch für Holländer etc. Italienisch für Deutsche, Holländer etc. Dänisch für Holländer etc. Ungarisch für Deutsche. Diese Werke, welche sämmtlich die Bezeichnung "Methode Toussaint-Langenschein" auf ihrem Titel tragen, stehen also in keinerlei Begiehung zu LANGENSCHEIDT" auf ihrem Titel tragen, stehen also in keinerlei Beziehung zu den Begründern der Methode Toussaint-Langenscheidt (C. Toussaint, G. Langenscheidt und C. van Dalen), welche ihre Thätigkeit auf Französisch und Englisch für Deutsche beschränkt haben.

Probebriefe. Um Jedem Gelegenheit zu geben, die Methode vor dem definitiven Beitritt noch selbst näher kennen zu lernen, event. Vergleiche mit anderen Werken zu machen, ist der 1. Brief (Lektion 1 und 2) als Probe nebst ausführlichem Prospekt zum Preise von 1 Mark käuflich. Jeder ernstlich und ohne Vorurtheil Prüfende wird diesen Unterrichtsbriefen schliesslich das Urtheil nicht versagen können, dass sie dem Selbstunterrichte Vortheile bieten, welche keinem andern Hülfsmittel zur Seite stehen.

Umfang der Unterrichtsbriefe. Jede Sprache 2 Kurse à 18 Briefe. Ausserdem zu den franz. Briefen 8 Gratisbeilagen und ein Wort-Register; zu den engl. Briefen 4 Gratisbeilagen und ebenfalls ein Wort- und Sach-Register. Vollständige Kurse in Karton (Mappe mit Futteral). Es ist Alles komplet erschienen.

Honorar pro Kursus jeder Sprache: 18 Mark (auch in Raten à 3 Mk.). Kursus I.u. II einer Sprache zusammen (auf einmal) bezogen, statt 36 nur 27 Mark. Da das Studium jedes Briefes bei täglich ca. zweistündiger Arbeit 14 Tage, jeder Kursus also 9 Monate dauert, so beträgt hiernach — die Gratisbeilagen nicht mitgerechnet — das Honorar für den Unterricht wöchentlich nur 50 Pfg. Eine billigere Art und Weisse, sich eine fremde Sprache gut und gründlich anzueignen, dürfte nicht existiren.

<u>eutsche Sprachbriefe</u> von Prof. Dr. Daniel Sanders. Vollständig in einem Kursus (in Mappe nebst Futteral). 20 Briefe à 16-24 Seiten nebst vollständ. Literaturgeschichte bis zum Tode Goethe's etc. u. einem umfassenden Register. Im Ganzen ca. 530 Seiten, gr. 8°. Komplet 20 Mark. Einzelne Briefe werden — ausgenommen Brief 1 à 1 Mark — nicht abgegeben.

Behandeln die deutsche Sprache nach Art d. Toussaint-Langenscheidt'schen Unterrichtsbriefe. Wohl das bedeutendste Werk, was über Lernen und Lesen des Deutschen jemals geschrieben wurde. Darum für keinen Lehrer des Deutschen entbehrlich, der auf der Höhe seines Faches steht und der sich dafür interessirt, was der heutige grösste Kenner des Deutschen auf diesem Felde bietet. Näheres im besonderen Prospekt, der gratis zur Verfügung steht.

<sup>\*)</sup> Hier nur zwei derartige Stimmen aus dem Auslande (Originale englisch, bezw. französisch): .. "Havre, 20. 6. 74. ... Überrascht durch die Aufsehen erreg. Resultate Ihrer Meth., welche ich im Verkehr mit einem Deutschen zu beobachten Gelegenheit hatte, frage ich, ob nicht eine gleiche Meth. verkent mit einem Deutschen zu beobachten Gelegenneit natte, frage ich, ob incht eine gleiche micht. Franzosen z. Erlernung des Deutschen existirt? Ich habe letzteres nach . . . studirt, bin auch dadurch zum Lesen u. Verstehen gelangt, aber nicht zum Sprechen, — was mich geradezu erbittert, wenn ich dagegen die Resultate betrachte, die Ihr Landsmann, bezüglich des Französischsprechens ohne irgend einen Lehrer durch Ihre Methode erlangt hat" etc. "L. Fenouil, 17. rue de la Caserne, Havre (Seine-Infer.)." — ..., Manchester, 15. 12. 79. Da einige meiner deutschen Freunde durch Ihre Meth. es im Englischen zu einer gewissen Vollkommenheit gebracht haben, so erlaube ich mir die Anfrage, ob Sie nicht für Engländer ein Werk liefern können, aus welchem das Deutsche ebenso zu erlernen wäre. Genehmigen Sie" etc. "James Ireland, care of M. Ireland, Datton Str. Meills, Manchester."

Kursus Iu. II von Toussaint und Langenscheidt, Vorschule und Kursus III von Dr. C. Brunnemann, Direktor der Realschule I. Ordn. zu Elbing.

Nach den einstimmigen Urtheilen aller Fachmänner, welche Gelegenheit hatten, dieses Buch durch praktische Anwendung in der Schule näher kennen zu lernen, leistet dasselbe zur Erzielung einer guten nationalen Aussprache Ausserordentliches, steht in methodischer Beziehung keinem ähnlichen Werke nach und bietet überhaupt einem auch auf praktische Resultate bedachten Unterricht Vortheile, welche sich durch kein anderweites Hülfsmittel ersetzen lassen; es dürfte daher für jede Anstalt, welche die Fortschritte der Literatur dieses Faches im Auge behält, mindestens geboten erscheinen, der Sache näher zu treten und eine unbefangene Prüfung zu veranlassen.

Äusserungen von Lehrern etc., welche nach diesem Buche unterrichten: Herr Prof. A. Garrecht a. Gymn. zu Wertheim a. M.: "Das Prinzip der T.-L. Aussprache-Bez. ist das einzig wissenschaftliche, die Methode dieser Aussprachebez. die einzige, die ohne Gefahr schulmässig verwendet werden kann. Sie schützt den Schüler durch ihre verhältnissmässige Komplizirtheit vor einem schweren Übelstand: dem Verderben seiner Orthographie, während die sonst landläufigen Systeme mit einfach deutschen und lateinischen Lettern den Trägeren oft verleitet, ein solches Wortbild zu memoriren. Die Erfahrungen, welche ich in dieser Hinsicht schon gemacht habe, müssen mich jede Ausspr.-Bez., die nicht auf diesem Prinzip der T.-L. Meth. beruht, als für ein Schulbuch geradezu verwerflich betrachten lassen. Nach zwei Seiten hin sehe ich in dieser streng wissenschaftlichen und erschöpfenden Ausspr.-Bezeichnung in einem Schulbuche einen bedeutungsvollen Fortschritt: dem Lehrer bietet sie eine wesentliche Erleichterung und erspart ihm viel Lungenarbeit, dem Schüler wahrt sie bei seiner häufigen Repetition vor Zweifeln und beschützt ihn vor dem Erlernen falscher Sprachlaute. Mit Hülfe dieses Schulbuches wird allmählich der buntscheckigen barbarischen Misshandlung, deren sich die französ. Aussprache auf den deutschen Schulen noch erfreut, in wirksamster Weise gesteuert werden."— Herr Hauptschullehrer Goldstein zu Eperies: "Die glänzenden Erfolge, die ich seit Einführung Ihrer Lehrbücher in meiner Schule erziele, verpflichten mich zur dankbaren Anerkennung für die vorzügliche und unvergleichliche Lehrweise" etc. -Herr Dr. F. Kräuter in Saargemund, Verfasser von "Das physiologische System der Sprachlaute"\*): "Grundsätzlich befinde ich mich mit Ihnen und Ihren Mitarbeitern in vollkommenster Übereinstimmung: Die Bezeichnung der von Unkundigen für so leicht gehaltenen Aussprache des Französischen ist unerlässlich sowohl für den Selbstunterricht, als für die Schule, weil nicht jeder Lehrer etc. Es ist gewiss nicht am wenigsten Ihrem Wirken zu verdanken, dass in Deutschland das Französische allmählich etwas weniger barbarisch und ohrenzerreissend gesprochen wird." — Programm der höheren Knabenschule zu Gollnow, Ostern 1878: "Neuere Sprachen sollen gesprochen, nicht blos verstanden werden — und diesem Zwecke entsprechen die T.-L.'schen Lehrbücher in ausgezeichneter Weise." Herr Dr. Wahl, Direktor der Handelsschule zu Erfurt: "Der in den unteren Klassen mit Kursus I erzielte Erfolg veranlasst mich, für die höheren Klassen die

Kurse II und III vom 1. Oktober ab einzuführen." — Herr Kollaborator Bormann zu Leipzig: "Beim Unterricht nach Kursus I und II Ihres Lehrbuches habe ich erkannt, welche unendliche Krleichterung für Lehrer und Schüler dieses Buch gewährt und wie es mehr denn andere das andauernde Interesse der Schüler zu fesseln vermag." — Herr Seminar-Lehrer Held zu Bamberg: "Ich kann nicht unterlassen, der Kürze und Klarheit, mit welcher auch die grammatischen Regeln des Buches gegeben sind, meine vollste Anerkennung auszusprechen." — Die Oberin der a. Schulschwestern de Notre-Dame, Schwester Maria Theresia zu Kalocsa, Ungarn: "Den I. Kursus Ihres ausgezeichneten Lehrbuches haben wir bei unseren Schülerinnen der zweiten Klasse mit bestem Erfolge und erfreulichsten Resultaten benutzt" etc. — Herr Hauptmann Müller, Lehrer an der k. k. Kadettenschule zu Hainburg a. d. Donau: "Mit Hülfe Ihrer seit 9 Jahren bei uns eingeführten Lehrbücher werden wirklich sehr befriedigende Resultate erzielt!" — Fräulein Helene Schulze, Schul - Vorsteherin zu Gr. - Salze: "Nach mannichfachen Schwierigkeiten habe ich jetzt die Freude, mir sagen zu können, dass ich mit Hülfe dieses Lehrbuches Aussergewöhnliches hinsichtlich der Aussprache und Tüchtiges in Betreff der Grammatik erzielt habe." — Herr Rektor Hielscher zu Posen: "Ich bin ganz entzückt über Ihre Methode. Die Schüler lernen, dass es eine Freude ist. Obgleich ich über 30 Jahre Lehrer bin, habe ich solche Lust und Ausdauer kaum gesehen. Das ist lediglich das Verdienst Ihres die Schüler fort und fort anspornenden Unterrichtsganges."

### ehrbuch der deutschen Sprache für Schulen von Professor Dr. Daniel Sanders.

2. Auflage. 80, 180 Seiten. Preis 1 M., geb. 1 M. 30 Pf.

Der Meister deutschen Sprachwissens, Dr. Sanders, bringt mit diesem Buche eine lange überdachte Lieblings-Idee zur Ausführung, indem er der Schule gewissermassen das Ergebniss seiner bisherigen Leistungen in geeigneter Form entgegenträgt. — Nach dem Urtheile kompetenter Schulmänner "kann der Schule auf diesem Felde kaum etwas Besseres geboten werden."

Rostocker Zeitung No. 39 von 1876: "Mit der bekannten reichen Kenntniss des deutschen Sprachschatzes, der umfassenden Belesenheit, der sicheren und scharfen Ausdrucksweise und dem Talent sachgemässer Anordnung, welche den Verfasser auszeichnen, ist er hier, in Selbstverleugnung und Selbstbeschränkung in die unteren Regionen der Lernenden, in den Dienst der Anfänger in der deutschen Sprachlehre getreten und bietet ihnen ein auf reichem Nachdenken beruhendes Buch dar, welches in engem Raum eine Fülle von Stoff verarbeitet und durch Beispiele erläutert. Dem Lehrer wird dasselbe zu einem brauchbaren Hülfsmittel für den Unterricht dienen, der Schüler findet in demselben fortwährende Anregung zu eigner Thätigkeit und Arbeit und zu praktischer Aneignung der Sprachgesetze." — Correspondenz-Blatt für die Gelehrtenund Realschulen Württembergs, No. 3, 1876: "Ganz besonders möchten wir dieses Werkehen in den Händen der jüngeren Lehrer sehen, die unstreitig einen grossen Gewinn aus demselben ziehen können."

### Lesebücher:

OSAÏQUE française ou Extrait des prosateurs et des poètes français à l'usage des Allemands, par Arsène de la Fontaine. Partie élémentaire et pratique, avec de nombreuses notes explicatives et la prononciation d'après le système de la méthode Toussaint-Langenscheidt. Troisième

édition. 8°, 286 pages. 2 marks, reliée 2 marks 50 pf.

Wer sich die Mühe nimmt, dieses gediegene und werthvolle Buch näher anzusehen und mit vorhandenen ähnlichen Werken zu vergleichen, wird bald die Überzeugung gewinnen, dass hier eine Leistung ersten Ranges vorliegt, vor der man — so zu sagen — den Hut ziehen muss.

Neues Stuttgarter Tageblatt: "Eine sorgfältig ausgewählte Blumenlese lyrischer und prosaischer Dichtungen der modernen französischen Literatur. Schätzbar sind die jeder einzelnen Pièce angehängten Noten, die das Diktionnaire fast überflüssig machen und zugleich eine Menge von Sprachregeln zurückrufen. So möchte das Buch Lernenden und Lehrenden gleich willkommen sein. Bei der vortrefflichen Anordnung möchten wir es jeder andern französischen Chrestomathie vorziehen." — Mil. Literatur - Zig.: "Gelungen — anregend — ebenso unterhaltend als belehrend!" — St. Galler Blätter: "Die grammat. Bemerk. sind schon für sich allein eine Fundgrube für den denkenden Schüler und eine wohlthätige Zuthat für den Lehrer."

The cricket on the hearth a fairy tale of home by Charles Dickens. Für den Schul- und Privat-Gebrauch mit sprachlichen und sachlichen Bemerkungen (unter steter Bezugnahme auf Fölsing's englische Grammatik und die van Dalen-Lloyd-Langenscueidt'schen Unterrichts-Briefe) ausgestattet von Prof. Dr. A. Hoppe, Dozent an der Berliner Akademie für moderne Philologie, Sekretär der Gesellschaft für das Studium der neueren Sprachen und Literaturen, Oberlehrer und Lehrer der englischen Sprache am Gymnasium zum Grauen Kloster in Berlin. 3. Auflage. 8º, 139 S. Preis 1 M., geb. 1 M. 30 Pf.

Bei dem thatsächlichen Mangel sachgemäss bearbeiteten Lesestoffes für den engl. Schul-Unterricht wird diese Erscheinung der Schule nicht unwillkommen sein, zumal die gegebenen Erläuterungen und Bemerkungen etwas mehr bieten, als man bisher in derartigen Ausgaben zu finden gewohnt war.

Neue freie Presse, 1874, No. 3586: "Die Anmerkungen unterscheiden sich vortheilhaft von denjenigen der landläufigen Schul-Ausgaben, sie sind wirklich geeignet, dem Leser das volle Verständniss des Textes zu ermöglichen und zeigen uns überall den praktischen Schulmann wie den feinen und gründlichen Kenner des Englischen."

Répertoire dramatique des écoles et des pensionnats de demoiselles par Mme Catherine Dræger, née Sigel (de Morges).

Deuxième édition. 8°, 164 pages. Prix 1 mark 50 pf., reliée 1 mark 80 pf. Contenu: 1) L'Embarras. — 2) La Répétition. — 3) La Reconnaissance. — 4) L'Anniversaire. — 5) Le Testament. — 6) L'Enfant corrigé. — 7) Pauvre, mais honnête. — 8) Le Carnaval. — 9) Les différents Ages de la vie. — 10) Après la pluie, le beau temps. — 11) L'Examen. — 12) L'Orgueilleuse. — 13) Mieux vaut tard que jamais.

Die hier gegebenen Stücke beanspruchen keine grossen Zurüstungen und bieten einen weitaus besseren Memorirstoff, als die Dialoge der französischen Unterrichtsbücher.

Preuss. Schulzeitung, 20. Februar 1870: "Wie alle Werke, die aus dem oben bezeichneten Verlage hervorgehen, hat auch dieses das Gepräge praktischer Brauchbarkeit. Die Stücke sind dem Inhalte nach heiter, an Übermuth streifend, dem Geschmack 14-15jähriger Mädchen entsprechend." - Evang. Volkssechule: "Das nenne ich einen glücklichen Gedanken! In der That giebt es Nichts, was das Sprechen fremder Zungen mehr erleichtert, als das Memoriren und Rezitiren in dialogisirter Prosa oder in dialogisirten Versen. Der Mangel an dergleichen Gesprächen hat sich wohl in allen Erziehungsanstalten mehr denn einmal fühlbar gemacht, da die franz. Literatur, bei allem Reichthum, doch arm an Lektüre ist, welche sich für das jugendliche Alter und besonders für Mädhen einet" Mädchen eignet."
